ABOUT MONTESSORI PRESCHOOL

A word from our resident teacher

"We developed the app based on my experiences teaching hundreds of children in Montessori schools.

With the right supervision, I've always found that digital tools can be great supports for learning.

In fact, that's exactly why we created Montessori Preschool! Since 2016, it's provided engaging early learning experiences for kids all over the world."

- **Valerie Touze**, certified Montessori teacher

Who is Maria Montessori?

Did you know that Maria Montessori was one of the first female doctors in Italy? She developed a scientific pedagogy that focuses on building autonomy through exploration and discovery. With this proven approach, kids develop self-confidence that will serve them throughout their lives.

EVERYTHING YOU NEED IN *one* APP

Learn to
read & write

Encourage
critical thinking

Learn to count

Learn Mandarin

& much more!

OUR APPROACH

4 Steps

1

Discover

2

Understand

3

Memorize

4

Practice

The app guides kids while keeping them stimulated.

Kids can then practice what they learned outside the app.
